MOCK CRUISING

2010 - 2011

We're in the Captain's cabin planning the 2010/11 cruise, and we've got a great new itinerary waiting for you on our famous Landlubber's Cruises. The wind is light, the sea's calm and there'll be the traditional welcome for our cruise customers in our new ports of call ...

SINGAPORE - ACAPULCO - VENICE - MUMBAI - LLANDUDNO

Overview - Tynedale Life On The High Seas

Our 2010/11 sailing season has 19 four night cruises departing Singapore throughout February and March.

M.V. Tynedale, the original land-based cruise ship, first took to the oceans in 1992 since then, has been copied by many, but bettered by none! These ever popular cruise breaks benefit from years of experience and investment of time, money and innovative ideas that create an atmosphere of actually being at sea on a cruise ship. The experience starts with the issue of a Passport to all arriving passengers which gets stamped at each new port of call, providing you with a great, permanent memento of your holiday cruise. By the way... at each port, the locals all wear appropriate themed outfits!

Here's what is in store for you landlubbers once you embark...
